Shaw Multicultural Channel, BC Children's Hospital, Zindagi TV and the South Asian community unite once a year to host the annual A World of Smiles Telethon. Funds raised help support the urgent needs at BC Children's Hospital.

Seeing Harveer Dhaliwal today, it is hard to imagine the four-year-old once spent several months at BC Children's Hospital to fight a virus, which attacked his nervous system and left him paralyzed. Thanks to the superb care he received at Children's Hospital and follow-up rehabilitation, Harveer has begun to recover his physical abilities, and now attends preschool.
