

Celebrating Our Superheroes!

The Campaign for BC Children is bringing pediatric care in BC into the 21st century.

Through construction of a new Children's Hospital and Child Health BC, you are giving our children what they deserve most of all – the promise of a healthy future.

Be a Superhero for BC's kids.
Continue to give generously
and give our children top-notch,
family-focused care in all corners
of BC and a facility designed with
kids and families in mind.
