

Knowledge: kids

All Day, Every Day
6 am – 6 pm

Knowledge is currently ranked #1 for children's programming in British Columbia. Families can enjoy an expanded line-up of programs that support literacy and early learning, as well as explore a companion website at Knowledgekids.ca.

A trio of animated friends, who live in a colourful world reflecting BC's natural environment, will guide children through the commercial-free, non-violent programming of **Knowledge Kids**.

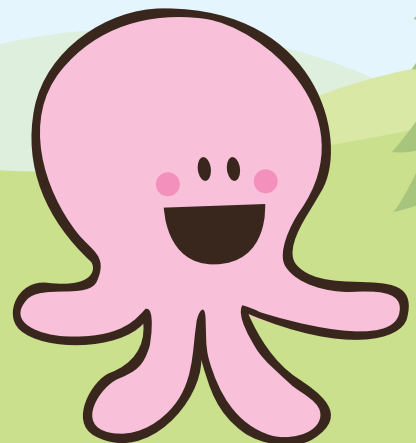

Luna

Luna is smart, confident and loves to learn - she is an owl after all! Like many intelligent little girls, she's constantly on the lookout for ideas to be passed on and improved upon.

Chip

Chip is the classic busy beaver. He's industrious and dependable, but also likes to have fun. He wants to know how things work and learns best through physical exploration - working together with friends to discover new things.

Inkie

Inkie has a curious mind that collects information to pass on to her friends. She's outgoing and funny, and the creative spark of the group. Full of surprises, she keeps Chip and Luna entertained and on their toes.

Fall Schedule
