YMCA

We build strong kids,
strong families, strong communities.

The Y Makes a Difference

Through all our programs and services, the YMCA of Greater Vancouver strives to make a positive difference in people's lives and in our communities – providing opportunities for healthy personal growth and meaningful connections with others. It's our mission: one we believe in so strongly that we continually look for ways to reach out to more people and communities throughout the Lower Mainland and Fraser Valley. In 2006 we met this objective with responsive new programs, stronger community relationships and significant achievements in our fundraising and development efforts.

It was an outstanding year for our Partners With Youth campaign, which surpassed its target and raised more than \$671,000. Because of the generous, community-minded efforts of our volunteers, staff and donors, more people in need will be able to benefit from a YMCA experience.

Opportunities for healthy development at the YMCA continued to expand and diversify to meet community needs. We initiated a Family Literacy Project at Nanook YMCA Child Care and offered new youth and family development programs at all of our membership centres. Our Tong Louie Family YMCA reached a membership level of over 11,000 individuals of all ages: incredible growth since opening just four years ago. In 2006 we also celebrated the thirtieth anniversary of our YMCA Healthy Heart program, which has helped thousands of adults and seniors manage their heart conditions through an active lifestyle.

As we look towards increasing services through more child care centres and partnership programs, as well as the revitalization of YMCA Camp Elphinstone, we developed stronger relationships with community partners such as Vancouver Coastal Health, the City of Chilliwack, and Sunshine Coast Regional District. We also improved the effectiveness of our communications through the launch of a redesigned website.

In 2006, our Strong Foundations Strong Communities capital campaign grew steadily, raising over \$7.6 million by year-end. Our Phase I campaign initiatives reached major milestones as we celebrated the opening of the Tong Louie Family YMCA expansion in February and smoothly managed the temporary

closure of the Downtown YMCA on December 31 in preparation for its long-awaited redevelopment. The closure of YMCA International College and the sale of our Camp Howdy property were other important steps on our road to sustainable growth.

With the Nanook campaign team's incredible success in nearing their fundraising goal, we now look toward the construction of YMCA Nanook House: An Early Childhood and Family Centre in 2007. We also eagerly anticipate our '100 Summers of Camp' centennial gala in September 2007, where we'll kick off Phase II of the campaign, focusing on the redevelopment of YMCA Camp Elphinstone and the establishment of a designated YMCA Child and Youth Endowment Fund.

Our achievements wouldn't have been possible without the dedication of our staff and volunteer teams, which saw several senior leadership changes in 2006. Brian Hurl fulfilled his term as YMCA Board Chair and Mike Bushore took on this key role. After 28 years of community service, Chilliwack Family YMCA General Manager Amelie Koloska stepped down from day-to-day responsibilities as she moved towards retirement. Sheri Josephson, formerly of YMCA Child Care, replaced her, while Vinh Truong became South Slope Family YMCA General Manager. Roy Funk was named Senior VP, Association Services. Craig Sheather took on the role of VP, YMCA Coastal Region, and John Woolgar, General Manager of Tong Louie Family YMCA, became VP, YMCA Fraser Region. This new regional approach indicates our commitment to better serving more people in more areas, as well as improved partner relationship building.

The success of the YMCA is truly the result of community effort, with the commitment of our staff strengthened by the support of our volunteers, donors and partners. We thank all of you for your valuable contributions. Together we can make a difference in so many ways - bringing better health, bigger opportunities and brighter futures to people of all ages.
